Old Business:

Alex has spoken to both land owners at 144 and 148 N. Buckeye concerning the trash. Neither owner knows which of their tenants are placing the trash out like that, but they will speak with them.

Opened the public hearing for the 2025 Budget. Chris Kuhn asked if anyone had questions, no one responded. Hearing was closed.

John Bunselmeier was present and gave Council a letter requesting to inspect or obtain copies of public records that are associated with the Town of Osgood construction projects which distribute storm water to the unnamed tributary of Plum Creek. Clerk-Treasurer signed for the receipt of the letter.

Commonwealth Project Memo:

Water Improvements Project
· Construction Progress

- O'Mara has completed the water main installation from REMC through Eckert Street. Barricades have been moved to the next phase of work from Eckert Street to Jefferson Street.
- O'Mara's Payment Application PPA 1 is herein provided for the Board's approval.
- O'Mara is 67% complete with the current work as of this pay application (through August 8th)

- Change Order -2 is in the process of being created and reviewed by O'Mara to extend the water main project through Jefferson Street.
- Associated with Change Order -2 we are reviewing the need for an hourly as-needed Amendment for RPR and CE Services. This will be contingent upon the additional time added to the project.

Motion to approve Dave O'Mara's Pay Application #1 for \$441,324.72, with \$23,227.63 in retainage. Bill 1st, Holley 2nd

Lead Service Line Inventory Grant

The Final Lead and Copper Rule adopted by the United States Environmental Protection Agency (USEPA) in 2021 requires all communities with a public water system to develop a Lead Service Line (LSL) Inventory. All Public Water Systems must have their LSL inventory completed and made available publicly by October 16, 2024.

- Osgood received a grant from the IFA-SRF for Commonwealth's assistance assembling a "Records Based" inventory.
- We have requested construction dates from the county and have input the inspection data provided by the Town
- We have been in correspondence with Tony about a potential survey and he is working on how to distribute it.

Trail Project

Rohe Asphalt has installed riprap along the western bank. A portion of the trail has been cut out and geotextile and stone being placed. The subbase started to pump after the roller prepared the subbase. Discussions are ensuing with the contractor on a remedy for the subsoils. Council questioned if the large equipment running over it could have caused these issues.

Downtown Sidewalk Project

Construction has begun. The project will be constructed in phases. Currently work is taking place on the east side of Buckeye St south of the railroad tracks. Upon completion of this phase, work will begin on the west side of Buckeye Street. The project requires demolition of the existing sidewalks prior to construction of the new sidewalks. The contractor is making efforts to work with business owners during demolition and construction activities.

INDOT has issued a Joint Use and Maintenance Agreement to the Town for review and approval. The agreement is required as a permit condition for construction on INDOT right of way. The agreement includes the use and maintenance of the proposed brick crosswalks at Ripley Street and Beech Street. It had been sent to Lynn for prior review and she stated it was a typical INDOT Contract.

Motion was made to approve the Joint Use and Maintenance Agreement.

Commonwealth Project Memo: Matt Wirth was present

Water Improvements Project

- All work has been completed and all barriers and signs as well have been removed from the construction site.
 - Change Order No. 2 has been signed and sent to O'Mara to generate the final pay application:
 - Pay Application No. 2 is expected to be received from O'Mara by the end of the week.
 - Pay Application No. 1 has been reviewed and signed by all parties and has been sent to SIRPC to be finalized. Clerk-Treasurer received OCRA money today for payment, payment for Pay Application No. 1 will go out within next 5 days.
- Motion to approve Commonwealth claims for \$18,854.82. Holley 1st, Bill 2nd
3 – ayes

Lead Service Line Inventory Grant

- The first draft of the Lead Service Line Inventory has been provided to the Town for review.

Trail Project

- All of the asphalt has been placed and rock benches have been placed on the concrete pads.
- The contractor is pulling the soil back on the side of the trails.
- No stone has been placed along the trail.
- A meeting with the contractor is schedule for September 17th.

Motion to approve Commonwealth's claim of \$5,896.90 for Construction
Engineering and RPR. Holley 1st, Bill 2nd
3 – ayes

Downtown Sidewalk Project

- Construction continues on the sidewalk project. A significant portion of the sidewalk on the east side of Buckeye Street and south of the railroad has been completed. Permitting issues with CSX has held construction at Trackside Pizza. Brick delivery will occur in early October. Concrete work has started on the west side and south of the tracks. Coal chutes, building cellars, and an area of soil washout have been discovered during construction and mitigated. Concrete removal north of the tracks is scheduled for next week. The contractor continues to make efforts to work with business owners during demolition and construction activities.
- A Partial Payment Application was received from the contractor. The invoice include work conducted from the start of the project through September 7, 2024. Commonwealth has reviewed the payment application and recommends payment of invoice.

- Last month the Town Council approved the INDOT Joint Use and Maintenance Agreements. The agreement has been issued to INDOT. Nothing further has been heard from NDOT related to the agreement.
- CSX has approved most of the questions and conditions covered in previous correspondence. Currently, the remaining issue is coordination with the CSX Real Estate Department. Several efforts have been made to contact CSX Real Estate personnel. CSX's concern is that an existing INDOT storm inlet is in CSX's Right-of-Way. The inlet has existed in the same location for many years. Given the age of the box, and the need to tie a new pipe into the structure, the inlet is scheduled for replacement.

Bricktoberfest is this Saturday, September 21st.

Police Department – Alex Wilhelm gave the monthly report. He will be looking into mobile speed signs.

Sam and Dana Row were present to commend Steve Wilhoit publicly. They felt people should hear when things go right. They had a natural gas leak at their house, Steve noticed the smell as he was driving by. He thought maybe they left their gas grill on. When he noticed it was not the grill, he got very concerned and knocked on their bedroom window and told them to get out of the house. He found where a pipe had broken, he cut it and capped it off. They explained that this was not the first time Steve has gone the extra mile to help. A year ago there was a bad storm and a huge tree limb fell down on Jefferson Street. Dana called Steve and asked him if he could just move it to the side so no one would hit it. When she looked out, Steve was actually loading it up and hauling it away. She stated that he is such a great ambassador for the Town and always so kind and nice.

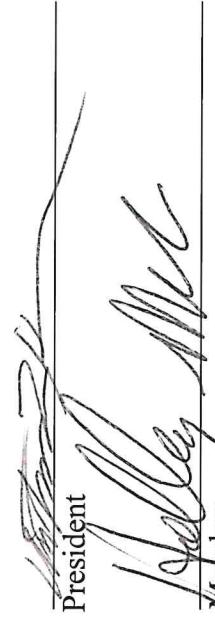

Reyna and James Jackson were present. They stated they were here over the same situation they've been fighting for 2 years, the Russel McKay property with all the vehicles. Reyna asked if he had purchased 614 Short Street because he is storing vehicles in the driveway along with truck beds. She had a letter from the County Commission from February 16, 2022 where he was in violation of two different things. She stated it has gotten worse. Lynn explained that a judgement had been received on the prior violations, so now it would have to start over with a new case. Reyna explained that there are no license plates on several vehicles. It was explained that she would need to go to the County and file another complaint. Reyna also asked about the benches at the trails. She felt the stone benches were bad for old, short people. She also questioned why there was water laying in the ditch by REMC with as dry as it's been.

Deed was signed for the transfer of land from 240 W. Craven to the Fire House parcel.

Claims were signed.

Motion was made to adjourn the meeting. Bill 1st, Holley 2nd

Downtown Sidewalk Project

- Concrete construction continues on the sidewalk project. Concrete work for the southern portion of the project is near completion.
 - CSX permitting continues to delay a small portion of the project at Trackside Pizza.
 - Concrete work on the northeast portion is nearing completion while demolition work is starting on the northwest portion.
 - Concrete work will continue on the northwest portion as pavers are installed.
- Brick paver installation is scheduled to begin on October 21, 2024, with the delivery of materials.
 - The placement of the brick crosswalk will be deferred until next spring given the potential of weather causing construction problems.

- Citizen complaints regarding the contractor staying in the work zone and impacting traffic were received.
 - This situation has been addressed with the contractor.
- Partial Payment Application No. 2 was received from the contractor.
 - The invoice includes work from the last invoice through September 30, 2024.
 - Commonwealth has reviewed the payment application and recommends payment of the invoice.
 - The only remaining railroad permit issue is coordination with the CSX Real Estate Department related to the proposed entrance replacement and a storm inlet on the railroad right-of-way.
 - Despite multiple attempts to contact CSX, a response has not been received.
 - Given the age of the box, and the need to tie a new pipe into the structure, the inlet is schedule for replacement.

Retroactive to November 18, 2024: Motion to hire Alex Brisson for the Osgood Deputy Marshal position. Bill 1st, Chris 2nd
2 - ayes

Town of Osgood Payroll is now being direct deposited.

Police Department – Alex Wilhelm gave monthly report. As stated above, Alex Brisson was hired for the Deputy Marshal position. He will be attending the academy next year. Wilhelm is also seeking funding from USDA for the traffic signals.

Fire Department – Kyle Negangard stated he was thankful to the Town of Osgood for approving funding for the SCBA and air compressor, they are in service. ISO audit was 2 weeks ago, which was good timing to have the new SCBA and air compressor. They believe the score will show an improvement. They are in the process of closing out a couple of grants. Kyle asked if the new public safety tax should be included in the yearly contract. Lynn stated that it cannot be done by contract. It is the Council's decision on how the money is spent. Chris Kuhn asked about the new NFPA rule. Kyle stated if OSHA adopts it, all volunteer fire departments will be in trouble. Equipment would have to be newer than what we have and the fire chief position would have a Fire Chief 3 license. No one in Ripley County has that.

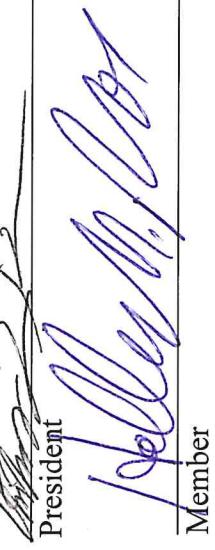

Reyna Jackson was present and asked if we had received a letter from the Ripley County Zoning for the McKay violation. Lynn stated she had received it.

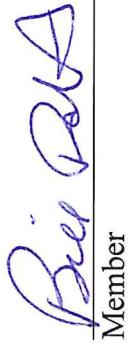

Lynn presented a deed for the 44 acres the Town owns, where the new trails are. The deed had to state the trails would remain trails for 25 years.

Claims signed.

Police Department – Alex Wilhelm gave report and stated new form letter has been served on
Hunt Street for Ordinance violations. They are looking at body cams for \$2,500 a year for 5
years with unlimited storage.

Fire Department – Riley Thomas did not have yearly report, but stated their numbers were down
for Santa this year. Two are doing ice rescue training, there is a fire class starting, and he will be
starting an EMT class in two months.

Jessie Heseman and wife were present. They own the house on the corner of U.S. 421 and
County Road 300 N. They moved here from Pennsylvania because they liked how clean the
town is and the good schools. About a year and a half ago, a dealership moved in the
neighborhood and then pole barn construction began. They addressed concerns with the new
construction and the standing water on their property along with other issues. Chris Kuhn stated
that we had previously spoken to our attorney and that it is a civil matter.

Claims were signed.

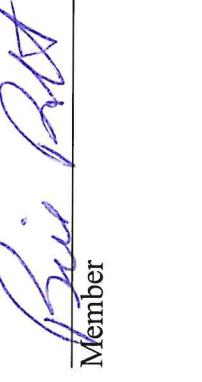

Motion to adjourn the meeting. Bill 1st, Chris 2nd
